

Chapter 21 Vocab

Make vocab cards for the following 20 words:

- Microevolution
- Genetic variation
- Population
- Gene pool
- Hardy-Weinberg principle
- Genetic drift
- Founder effect
- Bottleneck effect
- Gene flow
- Adaptive evolution
- Relative fitness
- Directional selection
- Disruptive selection
- Stabilizing selection
- Sexual selection
- Sexual dimorphism
- Neutral variation
- Balancing selection
- Heterozygote advantage
- Frequency-dependent selection
